Why mPower?

Dedicated and Experienced Personnel
Hands on, Engaged Management Team
Client-First Relationship Management
Integrated Solutions Teams
Strategic Mix of Technology and Business

CORE COMPETENCIES

IT Consulting Services mPower's core business is the integration of IT and Management Consulting Services for the delivery of high quality services and solutions to our clients. This includes staff augmentation and project/solution delivery services. Most importantly, mPower leverages its combined experience to provide the highest quality, most innovative and cost-effective services for its clients.

Development and Delivery Models mPower is able to offer a number of models to customers when engaging in a project. mPower can provide end to end staffing solutions or turnkey solutions. We provide project management and system services for a project developed entirely on-site at your facility. Work can be moved to nearby development facilities if on-site infrastructure limitations restrict the ability to build a team.
